Product: 10266355 Preform Arm Support Upgrade

Description: When the Transfer Arm in the DC-20 machines become subjected to jams or material entering the cam track the side mount for the position track rollers will bend or twist. XL Engineering offers a solution to modify the existing support and adding a replaceable Side Mount. Although this upgrade will not prevent future damage, it does provide an economical solution. By receiving customer's damaged Supports we can machine and attach the new replaceable Side Mount in a very efficient manner. Please contact us regarding this upgrade, other upgrades, kits and all individual replacement parts for the DC-20 Transfer Arms.

Offering: Also see 10266356 Bottle Arm Support Upgrade and 10266360 Side Mount
