

## Product Bulletin

**Product:** 01072465903 / 10328003 Pie Gear with 35MM Shaft

**Description:** XL Engineering offers the SBO-6<sup>®</sup> Mold Open/Close Pie Gear for machines that use the smaller 35MM shaft. Our gears are machined with heavy duty 20° pressure angle teeth. We also use M8 SHCS to permanently retain the shaft to the gear compared to M6 SHCS that the OEM uses. We also utilize a multi-step heat treating process that yields maximum strength for the teeth against breakage and provides a long service life.

**Offering:** XL Engineering stocks 01072465903 / 10328003 Pie Gear. Please contact us for pricing.
