Product: 01969600006 / 10328007 Pie Gear with 45MM Shaft

Description: XL Engineering offers the SBO-6[®] Mold Open/Close Pie Gear for machines that use the larger 45MM shaft. Our gears are machined with heavy duty 20° pressure angle teeth. We also use M8 SHCS to permanently retain the shaft to the gear compared to M6 SHCS that the OEM uses. We also utilize a multi-step heat treating process that yields maximum strength for the teeth against breakage and provides a long service life.

Offering: XL Engineering stocks 01969600006 / 10328007 Pie Gear. Please contact us for pricing.
