

Product Bulletin

Product: 10328027 Toothed Pinion Sector

Description: XL Engineering offers the SBO-6® Mold Open/Close Pinion Gear. This will replace the hub assembly that we used to offer (part no: 01111616801 10328002). This upgraded part allows for longer life at a lower cost. Our gears are machined with heavy duty 20° pressure angle teeth. We also utilize a multi-step heat treating process that yields maximum strength for the teeth against breakage and provides a long service life.

Offering: XL Engineering stocks 10328027 Toothed Pinion Sector. Please contact us for pricing.
