Product: 10388003 Alignment Jig

Description: Alignment Jig 10388003 is required for properly aligning our Advanced Transfer System (ATS) 10268036, 10268060 and 10268062. With the ability to secure the linear rail of the arm to the jig allows for consistent repeatable alignment. The jig is built from alloy steel and zinc plated for lasting protection.

Offering: XL Engineering stocks 10388003. Replacement parts are also available. Please contact us for pricing.
