

Product Bulletin

Product: Grippers

Description: XL Engineering offers Grippers for S1, S2 and Universal machines. They are manufactured to fit the preform which requires even the smallest radii on the preform is allowed for on the gripper. Unlike others, our grippers are not made with sharp, square corners which can cause interference and have poor handling characteristics.

Offering: Available for all series of machines. Materials are stainless steel, alloy steel and plastic. Please contact us for availability and pricing.
